Meeting Minutes for 02/11/18 is the humanitarian and relief arm of the United Methodist Church. The offering taken today throughout our denomination is to cover the administrative costs of UMCOR. This means that anytime you give to a specific asking such as disaster relief, health kit distribution or refugee care, every one of those dollars will go to that need. Overall the administrative costs of UMCOR are less than 10% of their total budget. This is remarkable and one indication of their integrity. Please be assured when you give to UMCOR that you are giving to one of the best.
